Nebbiolo

The Nebbiolo Veranda; Slim, elegant and very competitively priced

Enjoy special moments sheltered from the forces of the weather. With the Nebbiolo from Deponti you will experience your garden as you would like to experience your garden. All this under a slim, elegant and timeless design.

Outstanding

The Nebbiolo is number one when it comes to quality and price. This veranda is slimmer than our other models, offering excellent value for money. In the slimline veranda market the Nebbiolo is sturdier than what is usually expected. The in-between beams are fitted with aluminium covers instead of plastic top covers, which makes the covering very sturdy and robust. The Nebbiolo is characterised by a slim, elegant and timeless design.

Characteristics

This veranda is available in standard widths of 4, 5 or 6 meters. The roof is equipped with a polycarbonate roof; high-quality and durable material with a timeless appearance.

THE ADVANTAGES OF ALUMINIUM

- > In general, aluminium verandas are a more durable investment than verandas made of other materials.
- > An aluminium veranda offers a strong construction that will probably last a lifetime.
- > Aluminium requires little maintenance.
- > Aluminium verandas have a long lifespan, meaning that a single investment gives you many years of care-free enjoyment of outdoor living!

Pigato

The Pigato veranda; Luxury veranda with a glass roof

Enjoy the perfect light. And look under your veranda for trees, birds and stars. The Pigato from Deponti: An enrichment of your outdoor life and a feeling of pure luxury.

High-end

The Pigato is the luxury aluminium veranda of the Deponti product range. This veranda is reinforced with a steel strip in the gutter profile, meaning that this veranda can be fitted with a laminated glass roof. This will give you the perfect lighting allowing you to enjoy your outdoor views without losing light in your home, providing a sense of enrichment and pure luxury.

Characteristics

The veranda is available in the colours: white, cream white, grey and black. The Pigato comes standard with a glass roof, but if desired, it can also come with Polycarbonate. In addition, this veranda comes with various options for styles of guttering and posts that best matches your home.

As an added option, the Pigato can be expanded with various Deponti accessories, such as a side wall, LED lighting or a side panel. More information on page 28.

MAKE YOUR VERANDA A GARDEN ROOM BECAUSE:

- > You can enjoy the outdoors for longer because you can keep out the rain and wind.
- > You create, as it were, a new place in your house where inside and outside come together.
- > The view of your garden is not obstructed.
- > With a one-time investment you can enjoy the outdoors for many years to come!

With our accessories, you can make your veranda or glassroom suitable for every moment, season or weathertype.

Side wall

Comfortable, windproof and available in both polycarbonate and glass

You can make the extra living space created under your veranda even more comfortable and homely by choosing side walls. A side wall allows you to close the veranda at one or both sides, free from wind and rain. This allows you to enjoy your verandas longer.

Our side walls come standard with 16 mm thick polycarbonate and an aluminium frame that matches the colour of your cream white or anthracite veranda. The Deponti side walls can be installed under any brand and type of veranda.

DETAILS

Colours (frame)	RAL9001 / RAL7024
Colours (sheets)	Polycarbonate (Opal / Clear / Ultra clear / Solar control)
Standard height (mm)	3000
Standard dimensions	Veranda with depth up to 4 metres

If you prefer a glass side wall, we also offer a frame construction system for a side wall with 33.1 glass.

Key frame

Covers the sloped part between the roof and the top of the side wall.

A key frame is used to partially close your veranda on one or multiple sides for instance when it is next to a fence or wall. A key frame is designed to cover the sloped part between the roof and the top of the side wall.

The key frame is made of an aluminium frame and 16mm thick polycarbonate. If desired, the key frame can also be delivered in glass.

You can easily add the key frame to your order, but you can also mount it later. The key frame can be mounted to all types of verandas we have.

DETAILS

Colours (frame)	RAL9001 / RAL7024 / RAL9016
Colours (sheets)	Polycarbonate (Opal / Clear / Ultra clear / Solar control)

Aluminium Grillo panels

Lightweight and durable

Grillo panels are unique in the Deponti range. These are lightweight, aluminium parts that enrich your outdoor life. The panels are stackable, easy to assemble and fitted with click profiles. The durable and flexible character ensures that you can use the Grillo panels in different ways. They can serve as fence parts for more privacy, or as fencing. But you can also make planters or a beautiful aluminium conversion for your garbage container. Even creating a garage door is possible. In short: your creativity will be fully stimulated with the Grillo panels from Deponti.

Concrete footings

Supporting foundation.

A Deponti veranda can be installed on any existing surface. For extra firmness or when a solid foundation is not available, you can also choose concrete footings; These concrete footings can easily be installed under the Posts, out of sight, and can be supplied with and without rainwater drain. No surface is the same, so seek advice of one of our Deponti dealers about the best foundation in your garden situation.

Sliding glass door tracking system

All glass panels open and close at once.

Our 'tracking system' makes sure that all panels are moved automatically, when opening or closing the glass wall. This way, you can easily open or close the entire wall. The carriers can be mounted in the profile in a flexible way, meaning that you decide where the panels overlap.

Sliding glass door handles

To be opened easier, without stains or fingerprints on the window

Have you expanded your veranda with glass sliding walls? If so, you can opt for extra handles to open the sliding walls even easier, without stains or fingerprints. These door handles can be attached easily to the glass panel at a place of your liking. In this, you can choose between adhesive handles and screw-on handles.
